Dear Friend: Again I
write to tell you that the
mother of one of the students had
a talk with me yesterday about
having her daughter go to your
College. She said she had tried
to have her go there last fall, but
she is at a loss to understand
why she could not go there. I
suspect that the teachers at
the School for the deaf in Tori-
bault, Minn. did not commend
her to go there for such reasons
as they thought it best not to
let her go there, but the
mother is very & still anxious

Perhaps you think it would be better to send me some papers for ^{their examination} their desired admission to the Introductory Class in your College. - if so, please send them to me at once. I may have them write their examination answers here I send them to you for your consideration. - if they be favorable to enter the College or School - you will please let me know so that they can prepare to go to you next Jan.

PWaiting your answer.
to this, I remain your
respectfully,
